PHP Insurance Company

Benefits for Outpatient Prescription Drug Products

Benefits are available for Outpatient Prescription Drug Products on our Prescription Drug List at a Network Pharmacy and are subject to Copayments or Coinsurance amounts that vary depending on which of the tiers of the Prescription Drug List the Outpatient Prescription Drug is listed.

All Prescription Drug Products on the Prescription Drug List are assigned to Tier-1, Tier-2, or Tier-3. Please access www.medco.com through the Internet, or call the Customer Service number on your ID card to determine tier status.

Retail Copayment		Mail-Order Service Copayment	
Tier-1 Prescription Drug Product	$10	Tier-1 Prescription Drug Product	$20
Tier-2 Prescription Drug Product	$25	Tier-2 Prescription Drug Product	$50
Tier-3 Prescription Drug Product	$40	Tier-3 Prescription Drug Product	$80

40% coinsurance for growth hormone therapy – Retail or Mail-Order Service.

Supply Limits

- Retail: Up to 31 consecutive day supply
- Mail-Order: Up to 90 consecutive day supply

NOTE: Some products may have additional quantity limits. Please consult with your physician. These specific quantity limits may be exceeded in certain situations at the request of your physician.

Mail-Order Service Convenience

Mail-Order Service Pharmacy allows you to have your prescriptions filled and delivered directly to your doorstep. You save on copays too. Call our Customer Service Department for more information. Our phone number is listed on the back of your ID card.

Exclusions

Some of the exclusions that apply to your Benefit plan are listed below. Please look at your outpatient prescription drug plan rider in the PHP Insurance Company Certificate of Coverage available on the Member Packet Portal at www.phpmm.orgfor a complete listing.

- Experimental or investigational products
- Over the counter drugs
- Replacement prescriptions
- Medications for cosmetic purposes only
- Prescription Drug Products to treat infertility
